

# VIRTUAL PIZZA-MAKING EXPERIENCE

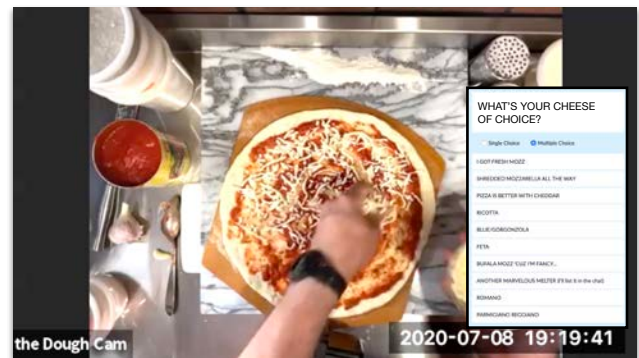

**JUNE 2020** Pizza School NYC completes its state of the art “Virtual Events Cooking Studio” for hosting 5-star interactive pizza-making events and culinary experiences.

**the Dough Cam:** Pizza School’s exclusive technology giving all participants a bird’s-eye view of the pizza-making action so they can master it along with our expert/easy-to-follow instructions.

**Pizza Professor Mark Bello** owner/operator doing what he’s done best for the last decade (Pizza School turned 10 in April): connecting with students and creating a memorable time for all.

**Interactive Chat and Polls:** Throughout the event participants and the instructor ask questions, share ideas, and, of course, shout out to everybody’s favorite pizzerias!

**“Synchronized Stretching”** is the magical moment when all pizza-making participants on screen see each other simultaneously stretching pizza dough like pros!

**the Oven Cam:** Pizza School’s exclusive technology where all viewers get to travel with the pizza in and out of the oven as it bakes! Serious WOW factor here – Shhh! Save the surprise :)

**It’s all smiles!** We’ve created the same caliber 5-star experience virtually that our customers have consistently praised in online reviews, as we “reach through the screen” and deliver a truly shared experience for colleagues/clients/friends and family.

**The Proof is in the Pizza** describes the moment when everybody gets to marvel at the incredible pizza they just made in their home kitchen! “Best ZOOM event ever - everybody LOVED it!” is the feedback we’ve been getting every time!
