NYC's #1 VIRTUAL PIZZA-MAKING EXPERIENCE

WE'RE WORLDWIDE!

“Virtual team building at its best! We had tons of fun!”

Manolita B. ★★★★★ Google

It's all smiles! We've created the same caliber 5-star events (yes virtually!) that our customers have praised in online reviews, delivering a truly shared experience for colleagues/clients/friends and family.

the Dough Cam transports participants to the front row of all the pizza-making action to follow along with our expert, altogether easy-to-follow instructions.

Lively **Interactive Chat and Polls** throughout the event where participants and the instructor ask questions, share ideas, and shout out to everybody's favorite pizzerias!

“**Synchronized Stretching**” is the magical moment when all pizza-making participants on screen see each other simultaneously stretching pizza dough like pros!

PIZZA SCHOOL NYC EXCLUSIVE TECHNOLOGY where you'll travel with the pizza in and out of the oven!

The Proof is in the Pizza describes the moment when everybody gets to marvel at the incredible pizza they just made in their home kitchen!
